Metaverse Almanac 2023

The RetailX Metaverse Almanac offers a round-up of what the metaverse is, how it has come into being, what consumers think of it and, most importantly, how businesses are planning to use it. Blending data from ecommerce and trade associations with national and government data, our own research and other sources, we offer an insight into what the future might hold

The metaverse could be the next iteration of the internet. Or it could

just be hype. Understanding where

it has come from, what businesses,

retailers and consumers understand

it to be - and what it can be used for
